

# 1000 V SLIM INSULATED SCREWDRIVER-SET

## 1000 V SLIM INSULATED SCREWDRIVER

Narrow blade insulation to improve accessibility of recessed screws. according to IEC 60900, classification VDE 0682, part 201. Individually tested in a water bath with a testing voltage of 10,000 V. GS tested.

**NEW!**

   **1000 V**  
**IEC 60900**

- All blades are manufactured according to the current DIN-ISO standards
- Low wear thanks to high-alloy blade steel with the hardness of 54 HRC
- Milled blade tips guarantee maximum fitting accuracy in the screw head – even after long usage period
- Rounded triangular handle shape supports the 120° rotation angle of the human hand
- Resistant against petrols, thinners, and other chemical solvents, UV-resistant and also highly suitable in extreme cold (down to -40°C)

### CIMCO-item no. 11 7781

PZ FL 2 x 100 mm  
11 7782

#### 1 SLIM screwdriver:

The blade insulation is only as wide as the blade itself to allow optimal accessibility of the screws.

#### 2 Standard screwdriver:

With the protruding blade insulation, it is quite difficult to get to recessed screws.
